

A diagram of a network protocol stack. It consists of four stacked rectangular boxes. The top box is white with a blue border and contains the text 'HTTP'. The second box is white with a blue border and contains the text 'TLS/SSL'. These two boxes are grouped by a blue bracket on the right side, with the label 'HTTPS' to the right of the bracket. The third box is green and contains the text 'TCP'. The bottom box is yellow and contains the text 'IP'.
